Event Co-ordinator: Akshaya K(8660372828)

MINI PROJECT

- Each team can have 2 - 4 participants.
- Participants must make a prototype of their project.
- The prototype must be displayed and presented with an effective power point presentation.
- The presentation should contain a simple description about their project
- Following points can be used to describe the project in the presentation
 - Introduction
 - Objective
 - Block diagram
 - Expected Outcomes
 - Application
- Teams will be given a space to set up their model at the venue for exhibition and judging.
- A total of 15 minutes will be given for setup and presentation of the model.

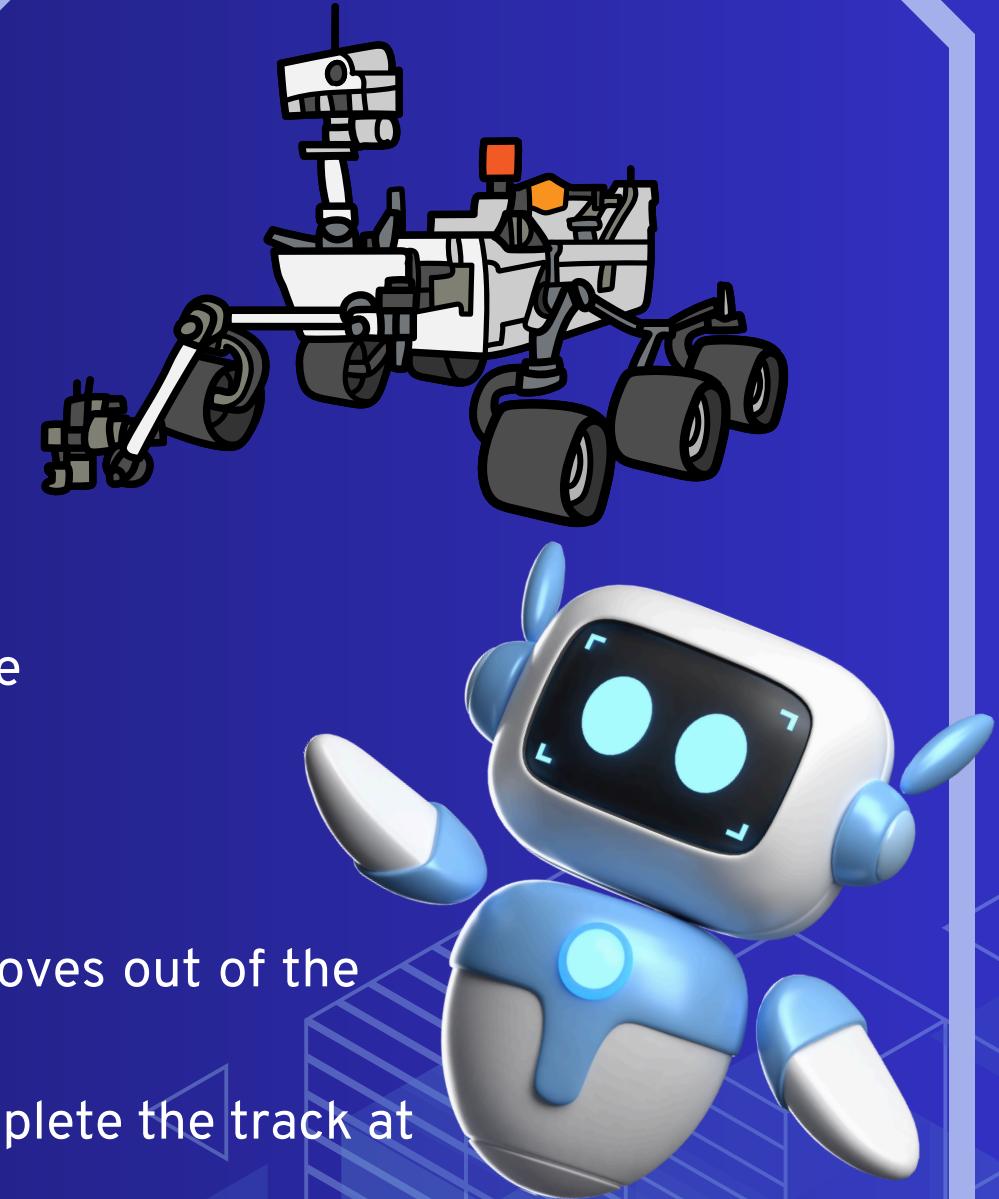

Registration Fees: Rs. 200

Event Co-ordinator: Sanjana R (8867041130)

ROBOTHON

- Maximum of 4 participants in a team.
- The robot must be wireless and autonomous.
- The robot must not be assembled using ready-made kits; any sensor or device found to be in violation of this rule will be disqualified.
- The arena will have a black track line on white surface. The track will be revealed on the spot whose width is 25mm.
- The timer will start as soon as the bot crosses the starting point and will end when it reaches the finish line without any delay.
- A match can be restarted if the bot fails to follow the black line, loses its direction, or moves out of the track.
- The team will have two restarts available upon request, but only if their robot falls to complete the track at least once after two restarts, after which they will be disqualified.

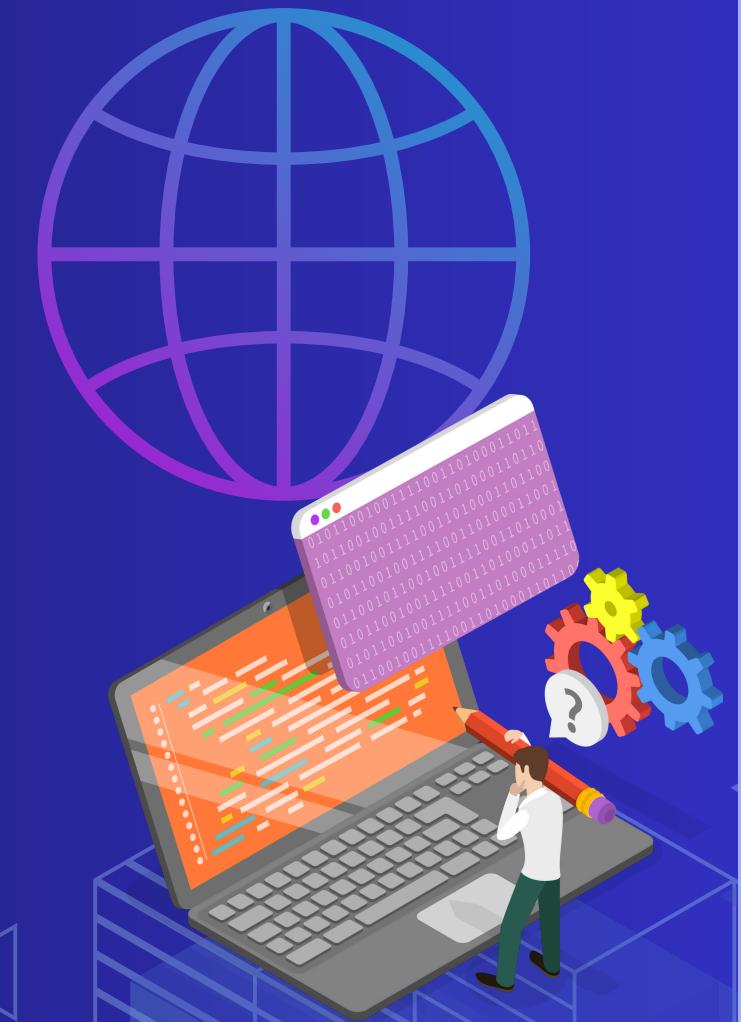

Registration Fees: Rs. 500

Event Co-ordinator: Ruthvik R(7892403414)

WEB & APP DEV

- Each team can have 2 - 4 participants.
- Any programming language, framework, or tool is allowed.
- The project should be a functional web or mobile application relevant to the given problem statement, the problem statement will be given on spot.
- Participants must submit their works within the allotted time.
- Submissions must be original, Open-source libraries and APIs are allowed but must be credited
- Teams must present their work in a short demo (5-10 minutes), explaining key features and technologies used.
- Projects will be evaluated based on creativity, functionality, user experience, and technical implementation.
- Applications must not contain harmful, unethical, or offensive content.
- Internet access will not be provided and participants should bring their own devices.

Registration Fees: Rs. 200

Event Co-ordinator: Bhavana A (9353017103)

Technical Quiz

- Participation: 2 participants per team.
- There will be a written preliminary round through which teams will be selected for the final round.
- Finals will be in standard quizzing format which will be explained by the quiz master.
- The specific rules regarding evaluation procedure, time to reply to a particular question and the type of round will be given before the start of the round.
- Reporting time will be provided along with the schedule of the event.
- Decision of the organisers and the panel of judge(s)/quizmaster will be final and binding.
